
THANK YOU MARY MORRIS FOR YOUR INCREDIBLE ACT OF KINDNESS!

The NYRWA Board and Staff wish to extend our appreciation to Mary Morris, CFO & Deputy Director, Dutchess County Water and Wastewater Authority. Mary recently made the decision to retire, and asked her coworkers that in lieu of gifts, she would appreciate taking up a donation for the NYRWA Education Foundation, to assist with bringing young people into the field of water and wastewater operations.

Thanks to Mary's kind act, she and her coworkers raised \$500 to be donated to the foundation. The generosity of Mary and her coworkers leaves us speechless. In an era where people

often get caught up in their own needs, we see a purely true act of kindness and generosity!

Our congratulations to Mary for a long happy and healthy retirement! The NYRWA would like to commend you and your coworkers for this amazing donation, the funds will be put to good use. It is with sincere appreciation that we acknowledge Mary and the employees of the Dutchess County Water and Wastewater Authority, who have shown us, with an act of kindness, how they continue to provide...Quality On Tap! 💧💧
